Pacific Symposium on Pulsed Power and Applications

October 18 - 21, 2022 – Cabo San Lucas, Mexico

Technical Topics

- Compact Pulsed Power Sources
- Pulsed Power Switches and Components
- Repetitive Pulsed Power
- High Power Microwave and RF Sources
- Electromagnetic Launch Technology
- Industrial, Commercial and Medical Applications

http://www.p3e.ttu.edu/symp2022

Important information:

- Abstract deadline: August 15, 2022
- Abstract submission: symp.p3e@ttu.edu

Contact:
Prof. John Mankowski
Center for Pulsed Power and Power Electronics
Texas Tech University
Lubbock, Texas USA
Tel: +1-806-834-3168
Fax: +1-806-742-1281
Email: john.mankowski@ttu.edu

Advisory Committee

Prof. John Mankowski
Center for Pulsed Power and Power Electronics
Texas Tech University
Lubbock, Texas USA

Prof. Yakov Krasik
Plasma & Pulsed Power Laboratory
Technion Israel Institute of Technology
Haifa, Israel

Prof. Jiande Zhang
College of Advanced Interdisciplinary Studies
National University of Defense Technology
Changsha, China

Prof. David Wetz
Pulsed Power and Energy Lab
University of Texas Arlington
Arlington, TX USA
